RE: PAWS Workholding purchases Multi-Line Collet Business from Beere Precision Products

Dear Customer,

This letter is to notify you that on December 13th, 2019 PAWS Workholding purchased the Multi Collet Fixture Line of Business from Beere Precision Products, Inc. This sale includes the intellectual property pertaining specifically to the Multi Collet fixture line of products listed below:

- | | |
|--------------------------------------|------------------------------------------|
| - Uniform Multi Collet Fixture | - Indexable In-Line Multi Collet Fixture |
| - 10 Uniform 5C Multi Collet Fixture | - MultiDex 360 |
| - 3J Multi Collet Fixture | - Tilt Rotary MultiDex 360 |
| - In-Line Multi Collet Fixture | - Hydraulic Booster |

PAWS Workholding intends to carry on the Beere name by manufacturing and re-selling many of the Beere Multi Collet products you have come to know and use in your manufacturing operations over the years. PAWS Workholding operates as a DBA underneath our Parent Company, Montague Tool & Manufacturing Company. Montague has been in business since 1943 primarily as a Contract Manufacturing company.

We have many years of knowledge in both the manufacturing and workholding sides of our business. PAWS Workholding specializes in automated multiple-part workholding fixtures for the OEM and Contract Manufacturing businesses. PAWS also has its own line of standard products, namely our Vise Force® line of low profile wedge clamps. Please visit our web site at www.pawsworkholding.com to learn more about us.

Manufacturing Plant in Clio, MI

11533 Liberty Street Clio, MI 48420 (866) 686-7297 www.pawsworkholding.com

It is going to take several months for the transition to happen, as there are many details to be worked out concerning which products will be produced and offered to the manufacturing community.

In the meantime, please contact us if you need assistance with any existing product or would like to get more information on any of the products listed above. Call us at (866) 686-7297 ext 227, or email Joel Montague at joel@pawsworkholding.com

We at PAWS Workholding are excited to build upon the solid reputation that Beere Precision Products has formed over many years for its quality and integrity. We are also looking forward to new relationships with you, the Customers, who have been so loyal to the Beere name for many years.

Thank you.

Sincerely,

Scott LaFave
Director of Business
PAWS Workholding
